

ROTARY ZANZIBAR & FUMBA TOWN GOLF DAY

July the 16th 2016 brought about a golfing event the likes of which we have never seen before in Tanzania.

At the same time US\$ 17'500 was raised for charity. Organized by the Rotary Club of Zanzibar, Stone Town in partnership with **Fumba Town Development**. The event drew players from across Tanzania, Kenya and from as far away as South Africa, drawn to the event by the stunning golf course at **Sea Cliff Resort and Spa, Zanzibar.**

A large portion of the funds raised has been used to procure much needed life-saving equipment.

The focus of the 2016 Golf Day was Makunduchi Hospital in the South of Zanzibar. The hospital is co-managed by HIPZ, a British NGO and the Ministry of Health, Zanzibar. Serving a community of more than 100,000 people, it is in desperate need of vital life-saving and diagnostic equipment, as well as basic supplies and structural repairs.

The Rotary Club of Zanzibar used part of the money raised to buy some of the requested equipment immediately. The balance will be used for a Matching Grant with other Rotary Clubs in other parts of the world to bring a much larger project to fruition as they did for the hospital in Kivunge in the north of Unguja.

Together with HIPZ the Rotary Club has drafted a project proposal for the extension and renovation of Makunduchi Hospital. Their Outpatient Department treats in excess of 2000 patients a month and the premises are small and cramped and far from ideal in terms of disease transmission. Both the men's and women's wards are too small for demand and there is no private and confidential venue for the treatment of women. Food is currently prepared in unhygienic conditions and hospital linen is laundered by hand. The long list continues with the refurbishment of staff accommodation.

Our club is working together with clubs in Germany, the USA and Norway to bring this project to completion.

Come join the Rotary Club of Zanzibar for the next Golf Day!

THE ROTARY CLUB OF ZANZIBAR will host their annual CHARITY GOLF DAY on the 9th of September 2017 at Sea Cliff Resort and Spa in Zanzibar.

All proceeds will go towards our projects
